

### Surfa® 4 Surface Mount Channel

shown with closed end cap

The Surfa 4 is ideal for low-profile corner mounting of LED tape light so that it shines at a 45 degree angle from the surface. Surfa 4 features a sophisticated heat sink for maximum cooling of the installed LED tape light. Surfa 4 can be configured for installation in wet locations using dry location LED tape light.

- Thermally-balanced design for maximum cooling
- Channel covers protect LED tape light
- Diffuser covers provide smooth light diffusion with no hotspots
- Full range of accessories for a great-looking installation
- Complete kits available to create a finished fixture
