

Continua Aluminum Channels

an essential accessory for clean, efficient, and high-impact linear lighting installations

Surfa® 5 Surface Mount Channel

shown with closed end cap

open plastic end cap

closed and open silicone end caps

mounting clip & screw

At only a third of an inch high, the Surfa 5 is ideal for low-profile surface mounting of LED tape light. Surfa 5 can be configured for installation in wet locations using dry location LED tape light.

- Thermally-balanced design for maximum cooling
- Channel covers protect LED tape light
- Diffuser covers provide smooth light diffusion with no hotspots
- Full range of accessories for a great-looking installation
- Complete kits available to create a finished fixture
