

## ThruLine™ Under Cabinet LED Fixture

ThruLine LED Under Cabinet Fixtures offer the best of all worlds for under-cabinet lighting. These Energy Star-rated LED fixtures connect directly to AC house power, with no need for an external transformer, making installation quick and easy. These ETL Listed LED fixtures emit bright, warm light that can be dimmed using a common household dimmer switch, and with the diffuser cover, the LEDs emit a smooth, even light with no hotspots. Sturdy construction provides protection from dust, grease, and moisture and ensures years of use.
