NMPK Series 12V LED Puck Light

Source: 4.2W LED Source

PRODUCT DESCRIPTION

Nora Lighting introduces a new slim light disk LED system for accent, under cabinet, cove lighting and jewelry cases, and other applications with limited space. These low-profile fixtures can be chained together to provide excellent and even illumination on all surfaces. Light disk is one of the most energy efficient products in the market. Combined with ultra low-profile housing, Nora's light disk offers unique features and a great ease of installation. LED technology eliminates forward heat from the fixture, also no UV or infrared rays to harm artwork, retail displays or heat sensitive foods.
